

ISO 9001:2015 QMS Foundation

INTRODUCTION

A one-day CQI and IRCA Certified training awareness programme for those requiring an introduction to the ISO 9001:2015 standard and how it can be used to develop and improve quality management systems.

This foundation course gives an introduction to the most widely used standard for Quality Management in the world. Creation of a successful quality system relies on more than reading the text in the standard; it demands an understanding of requirements and a considered application of the standard to the organisation. This course will provide delegates with an insight into the important world of quality standards, their development and the certification process.

DURATION:

1 Day

WHO SHOULD ATTEND?

Specially designed for managers, supervisors, those with potential quality roles or anyone wishing to understand and assess the impact and relevance of quality management to their organisations. Also useful to anyone who needs an introduction to quality assurance or those wishing to attend the CQI and IRCA Certified training 2-day auditor course without prior experience of quality systems.
